

Alpha-Omega Club

Newsletter

December 2009

Hi Folks,

It has been a while since the last Newsletter and with the Christmas festivities and the New Year just around the corner, I felt it a good time to wish you the Compliments of the Season and that 2010 is all you could wish.

Annual Conference

The 65th Conference will be held in Marrakech, Morocco from 19 - 23 March 2010. Registration forms can be downloaded from the IFALPA website or from your local Member Association.

Members News

Unfortunately, neither Head office or myself have any Members news. We all must be living the quite life. Surely one of our members must have done something or knows of someone who has done something worth reporting to others. Don't be bashful now.

I noted in an article recently that a Otto Lagarhus of Norway was a principal office bearer of a new Start-up airline. I assume this is the same Otto who was a Principal Officer (A&F) in the late70's.

Smile Time

Question time -

Why don't you ever see the headline Psychic Wins Lottery?

Why do doctors call what they do "practice?"

Why didn't Noah swat those two mosquitoes?

Who tastes dog food when it has a "new improved flavour"?

Why don't sheep shrink when it rains?

Until next time - keep well

Regards

Gary
